

courses required for your major than you could take by earning the AAS-DTA degree. Students interested in pursuing this degree should have an adviser with expertise in the natural sciences, engineering or computer sciences.

### ***Associate in Applied Science-Transfer Degree (AAS-T)***

The associate in applied science-transfer degree (AAS-T) is designed to build upon the technical courses required for job preparation but also includes a college-level general education component, common for all such degrees. In general, technical degree programs are not designed for transfer to other colleges and universities. However, several four-year colleges and universities have specific bachelor's degree programs that accept AAS-T degrees. WVC currently offers AAS-T degrees in Business Computer Technology, Criminal Justice, Early Childhood Education, Horticulture and Tree Fruit Production, Natural Resources, Nursing, Outdoor Recreation Management and Sustainable and Organic Agriculture.

Students seeking to transfer into degree programs other than those specifically designed for the AAS-T are urged to consider the associate of arts and sciences direct transfer agreement (AAS-DTA) or the associate of science-transfer (AS-T) in preparation for transfer. Majors outside the specifically designed degrees listed above will likely accept a limited number of the credits in the AAS-T degree (English composition, college-level math and other general education courses will transfer.)

## **Associate of Arts and Sciences Direct Transfer Agreement Requirements**

This section contains the graduation requirements and approved courses for the Wenatchee Valley College transfer degrees. Page 152 of the catalog contains a blank planning sheet for checking off graduation requirements as you complete them. The degree requirements are also shown at the back of the catalog. **As you are planning your education, please be aware that** the associate of arts and sciences degree direct transfer agreement (AAS-DTA) is designed for transfer with junior standing to a four-year college. If you pursue this degree, you should plan your WVC schedule in accordance with the requirements of the college to which you plan to transfer. The following guidelines apply to the AAS-DTA degree:

- The college reserves the right to add or delete courses or change the quarter in which courses are offered.
- Courses taken to satisfy one requirement of the AAS-DTA degree may not be used to satisfy another requirement of the degree.
- Courses accepted by transfer institutions within a completed AAS-DTA degree will not necessarily be accepted without the AAS-DTA degree.
- If you request any waiver of graduation requirements, you must submit a written petition to the WVC Registrar (see Academic Regulations Committee, page 25). Petition forms are available from the admissions/registration office.
- You may take a maximum of 10 credits on a pass/fail basis.
- The WVC Academic Regulations Committee may approve courses not found in this catalog for use in satisfying AAS-DTA degree requirements. Petition forms are available from the admissions/registration office.

See WVC Degree Requirements on page 31.
